RE: Methyl Bromide Tent Fumigation

We will be carrying out the Methyl Bromide gas fumigation at your premises (weather permitting) on _____ and said premises will have to be vacated for a period of 2 days & 2 nights.

Please remove the following articles:

1. Foam rubber, Yoga mats and all other forms of reclaimed rubber.
2. Woolens, especially Angora- and pure woolen carpets.
3. Persian & Chinese carpets.
4. Furs, horsehair and feather pillows.
5. Perishable Food items (foods containing water/liquid.)
6. Medicines (taken internally.)
7. Chemicals used in the processing of photography.
8. Building Blueprints.
9. Sulphide processed paper and silver polishing paper.
10. Any materials containing reactive sulphur process.
11. Leather goods, especially if tanned with a sulphur process.
12. Original oil paintings.
13. ALL Pets.
14. ALL Plants.
15. Remove the contents of your fridge, and defrost same.
16. Plants within 1 meter of the outer wall, these could be replaced after fumigation.
17. All valuables to be locked away.

Please note:

- External TV aerials & Satellite dishes to be removed by your selves. If not done at the time of fumigation we will remove and replace same. **We will however not take responsibility for damage to same, or loss of channel signal(s.)**
- You must inform your immediate neighbors of the impending fumigation, and to keep their children & animals away.
- We accept no responsibility for the activation of burglar alarms after fumigation.
- We will at our discretion be leaving one of our workers on the premises for the night while under the tent to maintain our equipment.
- Relevant Keys and remotes to the premises must be supplied to the fumigator on his arrival on the date of fumigation.

THE FUMIGATOR WILL GLADLY ACCOMPANY YOU THROUGH THE PREMISES ON A FINAL INSPECTION BEFORE THE FUMIGATION.

For any further queries please contact the writer.

Yours faithfully

For: **Flick Pest Control (Natal) CC**
